Message from the Detachment Commander

I am pleased to present the 2015 Frontenac Detachment Progress Report. This report provides an overview of our integrated, community-wide approach which targets our priorities outlined in the 2014 – 2016 Detachment Action Plan. Highlighted below are some achievements and challenges of the past year that underscore the successes we have recognized and can build upon as well as challenges where there is an opportunity for improvement.

Successes:

- On April 1, 2015, Frontenac Detachment was assigned the administration and policing duties of the Sharbot Lake Detachment – a satellite location. Frontenac Detachment welcomed ten police officers and two civilians to the overall Frontenac team. Nine officers and the two civilian employees continue to report to Sharbot Lake on a daily basis. For the first time, this progress report includes Sharbot Lake data.
- Interaction and engagement with the public continues with great success. For example, the community embraced the “Drug Drop Off” as a means to reduce the amount of unused prescription drugs in the community. In addition, the Community Drug Action Team (CDAT) member continues to liaise with the local pharmacies to assist with this reduction as well.
- Ongoing partnerships and collaboration with community and service groups has demonstrated success. Planning for an area Community Risk Watch Table began in 2015 with the launch to occur in 2016. Using the Community Mobilization & Engagement Model, community services will gather to identify ‘at risk’ members of the community and engage the appropriate services to offer support for those individuals. The Watch Table is about getting the right services to the right people at the right time.

Challenges:

- Property Crimes are an identified concern and continued efforts are being made to combat this issue. The use of focused patrols has and will continue to assist with addressing these types of crimes.
- Data analysis reveals personal injury and animal related motor vehicle collisions increased in 2015. Continued enforcement, education and community engagement will be the focus to help reduce injuries, save lives, and reduce the impact on our communities. Distracted and inattentive driving remains a focus for education and enforcement.
- Violent crimes are a consistent concern and the detachment continues to address, educate, and enforce all federal and provincial statutes in relation to these crimes. The continued utilization of community services to help support victims is essential to long term success.

In 2015, the community was impacted by three incidents in a relatively short time period each resulting in the tragic loss of life. As a result the entire detachment will continue to focus on province-wide priorities such as the Big Four. Local concerns are being addressed through the use of focused patrol initiatives as well.

This past year was a good springboard into 2016 to improve upon the excellent collaborative initiatives such as the Community Risk Watch Table and the Seniors and Law Enforcement Together program. Further, we remain committed to reducing crime and victimization through sustainable community safety partnerships which will lead to safer communities and a secure Ontario.

Staff Sergeant Sharron Brown

Community Satisfaction Survey Community Satisfaction Survey conducted in 2013

This survey is a tool for gathering public opinion on policing issues and ratings of OPP service delivery. It can serve as:

- a report card detailing how the people served by the OPP rate that service;
- a gauge of public concern about crime and policing issues;
- an indicator for making improvements to police services; and
- a means to measure how Ontarians view the OPP's service delivery.

The OPP Community Satisfaction Survey is a telephone survey conducted with the general public by research company R.A. Malatest & Associates Ltd., on behalf of the OPP. The survey is conducted for each OPP detachment every three years and annually province-wide. Randomly selected telephone numbers and Random Digit Dial were used to sample respondents who were at least 16 years old, where no member of the household was employed by the OPP.

The next Community Satisfaction Survey for Frontenac Detachment will be conducted in 2016.

1.	How safe do you feel in your community? A: 99.5% of respondents felt 'very safe' or 'safe' in their community
2.	How satisfied were you with the ease of contacting the OPP? (NOTE: This question was only asked of those who said they had contacted the OPP in the past year.) A: 93.6% were 'very satisfied' or 'satisfied' with the ease of contacting the OPP
3.	Overall, how satisfied are you with the quality of police service provided by the OPP? A: 95% of respondents were 'very satisfied' or 'satisfied' with the quality of police service provided by the OPP
4.	How satisfied are you with the OPP's ability to work with your community to solve problems? A: 93.8% of respondents were 'very satisfied' or 'satisfied' with the OPP's ability to work with communities to solve local problems
5.	How satisfied are you with the OPP's enforcement of aggressive driving laws? A: 83.2% of respondents were 'very satisfied' or 'satisfied' with the OPP's enforcement of aggressive driving laws

Crime Progress Results

Provincial Targeted Outcome: 1.9% reduction in overall violent crime by 2016
Provincial Targeted Outcome: 11.3% reduction in overall property crime by 2016

PRIORITY	PROGRESS
Violent Crime – Assault, Sexual Assault and Other Crimes Against a Person	<p>Relevant Activity Underway</p> <ul style="list-style-type: none"> • Despite some fluctuations and minor increases in assaults, sexual assaults and other crimes against persons, violent crime incidents have been cleared with considerable success. • The detachment focused on education and support for victims utilizing the community support resources. • The detachment remains committed to Intelligence-Led-Policing and Crime Abatement Strategy to assist with reducing recidivism.
Property Crime – Break and Enter, Theft Under \$5,000 and Mischief	<p>Relevant Activity Underway</p> <ul style="list-style-type: none"> • Overall property crimes have increased in the detachment area in particular with break and enter offences. • The addition of Sharbot Lake can be attributed to some of the increases seen in property crime. • A focused patrol initiative was executed in an identified area of the detachment which resulted in a reduction of property crimes. • Focused patrols will continue to be implemented utilizing information from detachment analyses in an effort to assist with the reduction and clearance of property crimes.
Illicit Drugs	<p>Relevant Activity Underway</p> <ul style="list-style-type: none"> • Clearance rates for possession and trafficking are high (88.75% average). • The larger detachment area has resulted in the locating more drug production sites and is being monitored by the Community Drug Action Team member. • ILP-CAS continues to be utilized to monitor and support those charged with drug offences. • Attention to be given to those individuals with mental health issues in an effort to curb the use and/or involvement in the illicit drug trade.
Reducing victimization from cyber and/or technology-enabled crime through engagement and education	<p>Success Demonstrated</p> <ul style="list-style-type: none"> • The detachment, through the oversight of the Community Services Officer, engaged with local groups and schools to deliver several educational presentations on a variety of cyber/technology related safety topics. • OPP KIDS program delivered to Grade 6 students encompassing technology issues, i.e. cyber bullying and internet safety. • The detachment will continue to work with the local high school, elementary schools and community groups to facilitate information sessions.

Traffic Data

The OPP is focused on the “Big Four” factors in deaths and injuries: lack of occupant restraint, aggressive driving including speeding, impaired and distracted driving.

Motor Vehicle Collisions (MVC) by Type Table 3.1
(Includes roadway, off-road and motorized snow vehicle collisions)

	2013	2014	2015	Change 2014/15 (%)
Fatal MVCs	5	4	2	-50.00%

Diagonal shaded cell indicates that the count of injured persons was not available at time of extract due to issues with Involved Persons in the eCRS database.

Please refer to endnotes for all data source and note details.

Traffic Progress Results

Provincial Targeted Outcome: 1.7% reduction in total motor vehicle collisions by 2016

PRIORITY	PROGRESS
<p><u>The Big Four</u> causal factors of fatal, personal injury and property damage collisions on roadways, waterways and trails: impaired (alcohol/drug), speeding/ aggressive and inattentive/distracted driving and lack of occupant restraint and safety equipment</p>	<p>Relevant Activity Underway</p> <ul style="list-style-type: none"> • Data reveals personal injury and animal related collisions have seen a significant rise from 2013/2014 which can partly be attributed to the addition of Sharbot Lake Detachment. • In 2015 there were two fatal motor vehicle collisions and one marine fatality which had an impact on the local community where the fatalities occurred. • Use of handheld devices continues to be an ongoing issue. • When comparing the 2015 statistics with the previous two years, the overall number of fatal collisions is lower. • Increased focus was put on education and engagement through public advertisements. • Continued established relationships with townships. OPP and South Frontenac Township Public Works Dept. meet regularly throughout the year to identify 'hot spot' areas and cooperatively work together towards better road safety. • Continued focus on speed enforcement, reducing impaired driving, occupant restraint and safety equipment use, aggressive and distracted driving. • Using data analysis efforts will continue with focused patrol initiatives targeting areas that require initial and on-going engagement. • Distracted and inattentive driving remains one of the biggest areas of concern and will continue to be a main focus at the detachment.

Other Policing Priorities

PRIORITY	PROGRESS
Calls for service involving persons with mental health issues or in a mental health (MH) crisis through engagement and education	Relevant Activity Underway <ul style="list-style-type: none"> • The Brief Mental Health Screener was introduced in late 2014 and members utilize this form when working with other service providers to ensure the proper assistance is provided to those with mental health issues. • Leadership, Empowerment, Advocacy, and Diversion (LEAD) protocol and training provided for OPP members. This training provides insight to the relevant duties and challenges of the community services that come in contact with individuals who suffer from mental health issues. Four training days were completed in 2015.
Reducing 9-1-1 “Pocket Dials” through engagement and education	Relevant Activity Underway <ul style="list-style-type: none"> • Public safety messages, utilizing the media, regarding 911 calls have gone out to the general public. • The Community Services Officer included a “pocket dial” education piece as part of an internet safety and prevention presentation at the local high school. • These messages will continue as a key educational piece in order to help reduce “Pocket Dials”.
Increase awareness and understanding of elder abuse and other abuse	Relevant Activity Underway <ul style="list-style-type: none"> • The Community Safety Officer completed senior safety presentations to local groups as requested. • The South Frontenac Seniors and Law Enforcement Together (SALT) program was initiated in 2015 as the OPP joined several community partners to form a planning committee. An introductory session was organized in December 2015 to gauge public interest. The session was met with enthusiasm by the public.

Table 3.1 Motor Vehicle Collisions (MVC) by Type

(Includes roadway, off-road and motorized snow vehicle collisions)

Source: Ontario Provincial Police, Collision Reporting System (CRS), (2016/04/19)

Note: Count of Reportable Fatal, PI and PD Collisions entered into the eCRS for MVC, MSV and ORV Report Types regardless of status, excluding FN detachments. Count of Alcohol-related collisions where Alcohol-Involved indicated as Yes in eCRS.

The % change is based on last year over previous year.

Table 3.2 Primary Causal Factors in Fatal MVCs on Roadways

Source: Ontario Provincial Police Collision Reporting System (CRS), (2016/04/19)

Note: Count of Reportable Fatal Collisions entered into the eCRS where Report Types is MVC only regardless of status, excluding FN detachments. Total Fatal Collisions includes collisions where causal factors are not listed in this table. Count of Speed-related collisions where contributing factor speed or speed too fast for conditions OR driver action exceeding speed limit or speed too fast for conditions. Count of Alcohol-related collisions where Alcohol-Involved indicated as Yes in eCRS. Count of collisions where victim type is deceased and safety equipment use is equipment not used but available or no equipment available. Count of collisions where distracted drivers is based on contributing factor of inattentive driver or driver condition reported as inattentive. Count of collisions where wildlife a factor is contributing factor reported as animal - wild or domestic.

The % change is based on last year over previous year.

* Seatbelt includes: Use unknown, lap and shoulder belt, lap belt only, lap belt only of combined assembly, child safety seat used incorrectly, child safety seat used correctly, other passive restraint device.

Table 3.3 Fatalities in Detachment Area

Source: Ontario Provincial Police, Collision Reporting System (CRS), (2016/04/19)

Note: Count of Fatal incidents and persons killed entered into the eCRS where Collision Type is reported as Fatal by report type (MVC, Marine, MSV, ORV). Alcohol-related is a count of the incidents where Alcohol-Involved on the Details Screen reported as Yes. First Nation Detachments were excluded from this count. Motorized Snow Vehicles Statistics are reported seasonally from October 1st to March 31st each reporting period. The % change is based on last year over previous year.

Table 4.1 911 Pocket Dials

Source: Computer Aided Dispatch (CAD) System, (2016/02/16)

Note: CAD data and will not mirror any other data sources on how 911 calls/911 hang ups are reported. 911 Officer Confirmed Pocket Dial data represents CAD occurrences entered by PCC Communicators for calls received with no-voice contact from cellular devices only.

Where an officer confirms that a 911 Wireless call was indeed a 911 Pocket Dial the event types be changed and may not mirror other data sources (e.g. Niche) that reference 911 calls. This represents only a small percentage of all 911 calls handled and dispatched by the OPP.
